Excelling in the art of makeup and styling

The GlossNGlass makeup academy has been in the styling industry for the past 16 years. Founded and spearheaded by Dipanwita Chhabra and Geeta Rao, it is one of the most sought-after grooming teams in Bengaluru and across India.

The academy has put together stunning make-up looks on the ramps of different fashion events, as well as Dubai International Film Festival and Dubai Fashion Forward. They have also worked with top Indian fashion designers like Sabyasachi Mukherjee, Manish Malhotra, Rohit Bal, Neeta Lulla, Anamika Khanna and many more.

Their team of makeup artists and hairstylists cater to different weddings — be it in Groove, Itah's Dubai or in Goa, Kerala and Hyderabad. They are well-known for their flawless makeup and hair styling skills. The brand has been featured in top publications for their corporate and commercial shoots with different brands. Additionally they have worked with multi-designer stores. GlossNGlass has also created some magnificent red carpet looks for celebrities like Anika Hussain, Saina Nehwal, VJ Gauri, Urushi Sharma, Sachin Joshi, K.R. Rahul, Neeta Lulla, Kaveri Rocky Ragini Dewshi, Ragini Chaudhary, Anusheetha Vas, Tanya Hope, Shreya Shankar, Patra Wilson and Shubha Pooja.

The makeup academy goes beyond creating immaculate makeup looks. They also train and create the finest makeup artists. Thanks to a team of experts from the makeup industry, the academy offers various intensive professional and personal grooming courses. Being certified by the centre of City & Guilds, they are able to design their own syllabus. They train their students with the right technical knowledge and hands-on creative experience in makeup and hair styling. They also conduct workshops, masterclasses and training for personal grooming, which can be taken up exclusively by appointments.

MENTORING NEXT GENERATION MAKEUP ARTISTS

Founded by Dipan and Geetha, GlossNGlass Makeup Academy has been breaking milestones over the past 16 years in the world of professional makeup. Established and based out of Bengaluru, academy's focus has always been about training the finest minds in the industry and mentoring them into their individual careers.

Training students at the academy is more than just teaching the syllabus. At the academy, the singular objective of all their professional makeup training courses is to place the trained student into the professional makeup industry and strengthen their own individual careers.

Every student has their own pathway to walk post training and the students at the GlossNGlass Makeup Academy do the same. Once the training wheels are off, students find their places in the makeup industry as professional makeup artists. Placements are done in top-notch retail brands, e-commerce, beauty production houses and many more.

It also handpicks students who wish to work under them for their in-house makeup agency and academy.

This clearly indicates the well-rounded training in various portfolios that they receive. In addition to teaching, the students are also exposed to hands-on professional makeup jobs and internships.

Along with training, the team also presides on prestigious panels and juries for the professional makeup industry. Being trendsetters and experts in the subjects is one of the key focus areas for the team. Constant innovation, growth and learning are some of the things that set them apart from the other
